

# VIVI BUD FOLIAR

1-10-10

Liquid Foliar

VIVI BUD FOLIAR provides a unique array of micro and macro nutrients supplemented with additional copper to induce hardiness in plants, preparing them for winter dormancy. This liquid blend provides energy to buds for the next season.

## Suggested Application Rates & Method

Use as follows during early flowering/fruitletting and post-harvest:

- 2-5 L per acre, depending on crop. Apply as a fog for best results.
- Application can be repeated 2-3 times in fall and 1-2 times in spring.

## Special Notes

- If used in nutrient tanks, keep the solution aerated or agitated.
- Run a small rinse cycle after using any liquid in drip or spray tanks.
- Check compatibility before mixing with other products, especially with pesticides and water-soluble fertilizers.
- Consult an agronomist or crop consultant for best advice based on local farm conditions.

## Precautionary Statement

Harmful if swallowed. Avoid contact with eyes, open cuts, or sores. Goggles, gloves, and respirator are recommended to protect against mists and vapors. Wash hands after use.

## Storage & Disposal

Store in original package, away from food items in a cool dry place. Keep away from children and animals. Avoid direct sunlight. Recycle the package in accordance with local, provincial, and federal regulations
